RICHARD T. PARKER

A member of the firm of Lyons & Parker - men's tailors - with which Willie Stevens traded for some time prior and subsequent to the murders. Willie's account with this firm was an active one. It shows that on Sept. 16th, 1922, the same day that the bodies were found, he purchased a black suit, a hat and a tie, and that on September 20th, 1922, he sent two suits to be scoured and repaired.

Mr. Parker states that the scouring of the clothing on this occasion was not an unusual thing as practically every suit that Willie Stevens sent had to be scoured and that all his suits were spotty and dirty and were consequently sent out to the cleaners by Lyons & Parker.
